

Prairie

TRADING COMPANY

WE LOVE ALL BRANDS, but we are only so big!

Prairie Trading Company marks their items roughly third of retail. There are certain brands that frequently have mark downs and sales that leave us to limit on accepting those brands due to price points. We have an average price per item we have to price items in order to stay in business. This list is only some of the brands we do not accept and can change due to what our customers are buying. This is just a guide but not limited to some of the brands we do not accept. We appreciate your understanding and are welcome to any questions.

Brands we do not take: This list is always changing due to supply and demand.
